

WEC Mexico Short Term Program- How to Proceed

1. You've read our Short Term Overview and are interested in experiencing a short term missions trip with us. The next step is to fill out an application form and email it back to us. The following are our deadlines for submission of team application:

For Summer teams (June-August)- Application Due before Feb. 20

For Fall teams (Sept- Nov)- Application Due before May 20

For Winter teams (Dec-Feb)- Application Due before August 20

For Spring teams (March-May)- Application Due before Nov 20

The cost for our program is \$400US/person for a one week trip, \$500 US/person for two weeks, and \$600US/person for three weeks- longer than three weeks will be negotiated as the need arises.

2. You will be notified by email when your application has been received, and within two weeks you will be notified of your acceptance. Once accepted, please confirm that you are coming by sending \$100 US per person registration fee (deducted from your total cost per person) to:

WEC, International
P.O. Box 1707
Fort Washington, PA
USA 19034

Include a note that these funds are for WEC Mexico Short-Term. This confirmation is due three months before your trip. Please inform us here in Mexico when you have sent these funds. (Note: if the USA is not your closest WEC Sending Base, please inform us and we will arrange with another WEC Sending Base).

3. Your Missionary Supervisor from the WEC Mexico field will take over communication with you at this point, answering more fully your questions and working out the logistical and ministry details that will be so important to the fruitfulness of your trip.

4. Pre-Trip training- Make copies for each team member of Pre-Orientation Packet and work through it together. It is crucial that each member of the team read it carefully and follow the guidelines given. If you have any questions or doubts, please ask so that your WEC supervisor can clarify what we mean or why we do things a certain way.

Important Note:

When you receive any form of communication from us, please send us an email note (immediately if possible) to let us know that you received it. If you have communicated with us and do not get a response within four days, please re-send the e-mail. The reason for this is that at times we have technical failure in Mexico and e-mails do not necessarily reach their destination even when it appears that they did. Thanks a bunch- they don't call this country "FLEXico" for nothing!

Big blessings to you as you consider and plan- we're praying with you!
